OFFICIAL PAPER OF THE CITY

No flag but the Old Flag—the Red White and Blue
With the stars of a bright rich and true!
Arise and defend it! you sons of the brave
Whose blood bought the banner your valor must save

FRIDAY MORNING MARCH 27 1863

Brilliant Strategy

"Our motto is, hands off, and let the people of the North and the people of the South regulate their domestic affairs to suit themselves If some such a policy as this had obtained we should never have been cursed by war and if the Government, even now were to adopt a non intervention policy, we should have peace in less than thirty days These may be unpopular views but be that as it may, we believe them to be correct, and never hesitate to express them at all proper times and places"

The above is from the *Mountaineer*, of course. No other paper has such an original statesmanlike patriotic, and conservative policy "A non intervention policy" will bring peace in less than thirty days! No doubt it would, just such a peace as would satisfy the miserable ambition of those who talk this way, a peace, covered with shame and bringing contempt on the American name—a Union, of which Jeff Davis would be the head, and such base traitors, as thus express their hatred of the Government, the worthless tail. Non-intervention and release from coercion would in thirty days give the rebellion a power, so overwhelming that resistance to it would be vain, and the Government would of course be at its mercy,- just where those secession sympathizers, who worship a negro if he is only a slave, desire to see it They cannot bear the tender and watchful guardians of sectional rights as against the nation's life—they cannot tolerate any act which may in the slightest degree harm a hair of the peculiar institution, and *they* cheerfully yield their willing necks to the imperious tread of the proud rebel who despizes while he tramples them in the dust. A country full of such miscreants, would not be worth possessing, it ought to die and be buried out of sight, and out of all memory of humanity Living, it is a libel on manhood and freedom dying, it would leave room for a new race which could not be more worthless, and would hardly fail to profit by the example of its disgrace and ruin

Fortunately, however, these views of the *Mountaineer* are unpopular, as they ought to be, and are as incorrect and absurd as they are unwelcome. How any one of common intelligence, after the experience of the last few years, with the full knowledge of the fact that the South repudiates non-intervention and demands independence only, can write such nonsense is incomprehensible, and such an opinion is very small proof of fitness to instruct the popular mind. A bull calf has more sense, a crow more patriotism, a toad more integrity—and the three together would, in our judgment, make a better man than he, who ventilates his treason and sympathy with traitors, in such cowardly attacks upon the efforts of the Government to save itself from destruction. If his influence and ability were equal to his bitter hostility to the institutions of freedom and intelligence, there might perhaps be some reason to fear that he would do mischief, but as it is, we do not think there is much cause for anxiety. Perhaps we have already paid him too much attention, but there was something so supremely ridiculous in that "peace in thirty days," if his policy were adopted, that we thought our readers would pardon us for introducing to them, just this once, the weakest and most conceited traitor at heart who plays editor in Oregon, while for selfish purposes he professes to be a friend of the Union From such friendship, all patriots will pray that it may be safely delivered

DALLES CITY ELECTION —The Democrats at the Dalles have nominated candidates for municipal officers, placing at the head of the head of the ticket for Mayor, Col James K Kelly, who has recently become a resident there. They cannot have a better or more faithful officer—in that party we mean, of course,—and if the people there are determined to elect democrats, we shall not quarrel with them, when they put our old friend at the figure-head end of the corporation We wish him abundant success in every thing save his politics But say Colonel are you not a little ashamed of part of the ticket?

OREGON SENTINEL —O Jacobs who has been running the above machine at Jacksonville, in the last number takes leave of his patrons, and announces that he exchanges editorial habiliments for those of a lawyer! Good bye, O Mr H Denlinger will assume charge of the institution We desire mutual courtesies only don't shoot us as you did the Egyptian yesterday, or some time ago

CONSOLING —Upon the fourth day of the siege of Murfreesboro Gen Bragg sent an officer to Gen Rosecrans with a flag of truce, requesting permission to bury his dead The indomitable Rosecrans made no objection to this merciful request but told the officer to assure the rebel General that he was not through killing yet

NUMBNESS OF LIMBS EPIDEMIC —A disease has lately shown itself in Vermont which is pronounced by physicians to be an *epidemic diptheria*, and which is unusually fatal Its first symptom is a numbness in the lower extremities, and it makes rapid strides, proving fatal in two or three days without any sign of sore throat being visible

THE REBEL DISPATCHES —The intercepted correspondence of the rebel leaders with their emissaries in Europe lately published, is very amusing and shows several things

First that Louis Napoleon *may* have some designs upon Texas But the French policy in regard to this continent is still merely subject of speculation

Second, the correspondence shows conclusively that the blockade is as effective as any blockade ever instituted It takes the dispatches of the rebel agents some seven months to come to hand and the rebel Secretary of State naively mentions to one of his emissaries that his No 2 has arrived, but that Nos 1 3 4, 5, and 6 are still missing. The postal arrangements of the new nation do not seem to be quite perfect

Third, the correspondence reveals the fact that Earl Russell is cold to the "Honorable" Mr Mason of Virginia—who sat in the Senate of the United States pocketing the money of a Government against whose existence he was plotting The Earl was so cold indeed that the 'Honorable' Mr Mason thought of withdrawing but his confederates urge him to remain, and to continue to be snubbed, in the hope of helping to lay the corner stone of the new nation

Fourth the correspondence discloses the interesting fact that when the Confederate emissary left Madrid, he put his books and papers in charge of the agent of the Rothschilds showing the position which the great bankers compel their agents in every country to hold in regard to the rebellion, and of course indicating the kind of value which is to be placed upon the support given to treason by any such agents, whose birth, training sympathies and interests are entirely foreign

Fifth, the correspondence informs us that Mr James Spence, who has written a book in favor of the rebellion, which was for a long time the hand book of English information of American affairs and who perpetually urges upon the British Government the recognition of the Confederacy is a paid agent of the rebels

Sixth, it shows that great efforts are making for the construction of a rebel fleet in English 'neutral' ports

There is also much highly colored rhetoric from Mr Benjamin about the success of the rebellion, and the sure overthrow of the Government, which is of equal value with the editorials in the rebel newspapers all of which are supervised by rebel censors, and there is an extremely amusing system of cotton certificates developed by Mr Memminger—a kind of painfully vague and open promise to pay, as a basis for pecuniary loans It is the latest effort to extract sunbeams from cucumbers

Such a correspondence will not fail to make due impression upon the common sense of the world Read in the light of the acknowledged object of the rebellion it can hardly give much comfort to the European friends of American anarchy, and published with the addition of Mr Davis' speech in the South west, in which he calls Mr Lincoln a baboon, it would be a striking memorial of the veracity and dignity of the "gentlemanly" Government of the Confederacy

"PEACE MANIA "—The Cincinnati *Commercial* of the 16th of February gives a number of quotations from recent speeches by prominent "Democrats" and editorials in 'Democratic' journals, showing the rapid decline of the "peace" mania The *Ohio Statesman*, the central organ of the party in that State, holds the following language

> Secessia is pervaded with the idea that there is a large and increasing "peace party" in the loyal States, in favor of bringing this war to a close "on any terms." This impression is, of course, derived from Abolition papers, and from kindred sources If the rebel leaders believe what they get from that quarter, they will be undeceived before long There is no considerable number of our people, outside the Abolition party, who will ever consent to the dismemberment of the Union of these States. The great and growing dissatisfaction with the conduct of the war does not tend in the direction that the Richmond and Charleston papers represent and teach The opposition to the Administration is not an opposition to the war when conducted for the restoration of the Union and the enforcement of the Constitution and the laws, but to the war policy which it has adopted, and to the inevitable results of a persistence in that policy
>
> The Democracy of the North are a unit upon the position, that "the Union must and shall be preserved, with the rights of all the States unimpaired" They cannot advocate peace upon the basis of separation

The *Commercial*, speaking of Vallandigham, who was, not long ago proposed as a candidate for Governor, says

> His party are dropping him like an unsavory egg, and the stench of his rottenness only notifies the public of his political dissolution

Another portion of the same article is couched in the following strong language

> The friends of a disunion peace have still the assurance to speak as if they were the representatives of a majority of the people, but no further apprehension that they are so need be entertained They have no practical proposition to put before the people that would command more than a tenth of the suffrages of our citizens at home, and the army, with the exception of the class that seeks paroles, is unanimously and vehemently against the crawling sneaks and snivelers who are down on their marrow bones begging the forgiveness of rebels for not being black

THE PAPER DEARTH —The price of paper stock in this city says the Boston *Transcript* has fallen from eight to five cents a pound Immense quantities of old stock have been turned into the mills in consequence of the high rates which have ruled for some weeks past.

Such has been the rush of old books and documents to the paper mills, that some of our literary institutions have issued circulars soliciting pamphlets relating to the present rebellion, for preservation in their archives, in order that future historians may have access to all current publications which reflect the temper of the times The old taunt applied to an unfortunate author, that his work had been purchased by the trunk makers, will in our day be changed to the remark that the unsaleable volumes have been sent to the paper mill The sneer that certain writings were fit only for the trunk makers, is rarely applied to papers from taking up more than fifty pounds of baggage, will not apply to works that are reconverted into pulp

The heirs of a former merchant of this city received several hundred dollars for his old account books, which for more than a generation had lumbered the garret of the ancient family mansion The publishers of sheet music, since the paper famine have found a sale for compositions and songs which did not suit the musical taste of the public One of our principal firms have recently sold fifteen tons of sheet music to the manufacturer who furnishes the *Transcript* establishment with its paper Thousands of old newspapers have been carted to the paper mill to furnish stock on which the latest war news will be disseminated

LATER FROM THE EAST.

Dates to March 18th.

WASHINGTON, March 17 —Secretary Chase made a proposition to-day, for designs of the new Treasury notes, for denominations of 5's and upwards

A regular commission issued by Gen Stuart of rebel fame has been found on the person of Miss Ford who is charged with having betrayed Gen Stoughton into the hands of the enemy

The official list of officers reported for dismissal in the army for different offenses, if they do not make a satisfactory defence of the charges against them, will be issued to-morrow from the War Department

An important treaty has been concluded between the Chippewa Indians of the upper Mississippi and the Government by which the Chippewas cede to the Government five reservations, comprising the most valuable tract in Minnesota The Indians agreed to move sixty miles further north

The Court of Claims has adjourned to the first Monday in May, when it will reconvene with four Judges, as lately organized

The recent act of Congress in regard to re-enlistment for two years of all those whose time will expire this summer, is attracting considerable attention among the regiments

NEW YORK, March 18 —A special dispatch from Washington says the one year certificates now due should be sent to the Treasury for payment, they will be paid in gold

The reports brought from Europe by the last steamer, that it was the intention of Napoleon to withdraw his army from Mexico, are disregarded in diplomatic circles here On the other hand it is thought that the French army in Mexico will be largely augmented within ninety days Such are also said to be the advices received by the Government

Official advices from Mexico, of the 25th ult state that Gen Forey's army 20 000 strong, is within 15 miles of Puebla Preparations were made at Puebla for resistance and are considered complete, and an attack was daily expected The Mexicans are as determined as ever The Juarez Government ordered the Governor of San Luis Potosi to return to the foreigners the money raised by forced loans, and give what other satisfaction the aggrieved parties may justly demand

SAN FRANCISCO, March 18th —Steamer *Oregon* sailed for Mazatlan to-day Freight, machinery and passengers A dispatch from the Captain of the steamer *Senator* dated Los Angeles, March 14th, to Major Hensley, says the *Senator* struck on a rock near San Pedro, in seven feet of water at low tide. Little freight damaged Steamer *Pacific* has gone to her assistance

At this point in the dispatch the line broke down

The St Louis *Democrat* rejoices over the defeat of the Copperheads in the Illinois Legislature Referring to the measures that failed, the writer says

> Their preparation and ventilation showed what the majority of the Legislature wanted to do—their course in abandoning them showed what they dared not do The fact is the majority went just far enough to show that they were traitors at heart without having courage to go far enough to be traitors in execution Their failure, however, has not been confined to the passage of offensive measures —it has extended to the omission to pass some most necessary and proper ones. No provisions have been made to enable the soldiers in the army to vote, as should have been done. This is a measure which neither a high toned patriotism nor an honest sense of justice could have overlooked.
>
> To the loyal people of Illinois and particularly her brave soldiery in the field, must be accredited the honor of checking the treasonable tendencies of her Legislature. The treasonable propositions to which we have alluded awakened such general indignation among her citizens, at home and in the army, that her Copperhead legislators wisely concluded that the time for ranging the State of Illinois under the rebel flag had not yet come Illinois is a loyal State, and it will take more power than any Legislature, chosen as her present one is can command ten times over to remove her position in the Union, or make her people forget the obligation they are under to the Government which has protected them until they have attained their present proud pre-eminence

WONDERFUL —We have received a telegraph Extra purporting to be issued from the office of the Portland Oregon, *Times* which bears the unmistakable "ear-marks" of the Yreka *Journal*. The *Times* complains at not receiving its dispatches from the south in due time It doubtless receives them as soon as the United States Mail can carry them after being set up in this city and struck off under the flaming caption of "TIMES EXTRA" and forwarded to its delectable "dad" at Portland —*Yreka Union, March 21*

Rev Mr Fletcher, of Newburyport, who has returned from Brazil, made a tour of exploration there of 7 000 miles. He ascended the Amazon to Peru and says that the capabilities of that immense river and the fertility of the great Amazonian basin have been under estimated by even the wildest enthusiasts He saw a Brazilian man of war at Tabatinga Brazil, which is on the Amazon, two thousand miles from the Atlantic

Proclamation and General Orders

HEADQUARTERS DEP'T OF THE PACIFIC }
San Francisco March 14 1863 }

[General Orders No 11] The following Proclamation of the President of the United States, and the General orders based thereon are published for the benefit of all concerned

WASHINGTON March 10 1863

1 —In pursuance of the twenty sixth section of the Act of Congress entitled An Act for enrolling and calling out the National forces and for other purposes, approved March 3d, 1863 I Abraham Lincoln President and Commander in Chief of the Army and Navy of the United States do hereby order and command that all soldiers enlisted or drafted into the service of the United States, now absent from their regiments without leave, shall forthwith return to their respective regiment and I do hereby declare and proclaim that all soldiers now absent from their respective regiments without leave who shall on or before the 1st day of April 1863 report themselves at any rendezvous designated by the General Orders of the War Department No 58 hereto annexed, may be restored to their respective regiments, without punishment except the forfeiture of pay and allowances during their absence, and all who do not return within the time specified shall be arrested as deserters, and punished as the law provides, and *whereas* evil-disposed and disloyal persons, at sundry places have enticed and procured soldiers to desert, and absent themselves from their regiment, thereby weakening the strength of the armies and prolonging the war—giving aid and comfort to the enemy, and cruelly exposing the gallant and faithful soldiers remaining in the ranks to increased hardships and dangers, I do therefore call upon all patriotic and faithful citizens to oppose and resist the aforementioned dangerous and treasonable crime and to aid in restoring to their regiments all soldiers absent without leave, and to assist in the execution of the Act of Congress for enrolling and calling out the National forces, and for other purposes,' and to support the proper authorities in the prosecution and punishment of offenders against said act in suppressing the insurrection and rebellion

In testimony whereof I have hereunto set my hand

Done at the City of Washington, this 10th day of March, 1863, and of the Independence of the United States the eighty seventh

AMUSEMENTS.—It is not our purpose to enter into a lengthy criticism upon the merits of the present troupe who are playing upon the stage at the Willamette Theatre in this city, or discuss the propriety or impropriety, in a moral point of view, of patronizing and encouraging theatrical performances, however much we are certain that a wide field exists for profitable and important reflection upon the subject. The practice of "puffing" and praising every common or petty performer who may chance to "show his parts" upon the [illegible] the vain hallucination that he [illegible] talent and ingenuity sufficient to [illegible] any character introduced by an ingenious author to represent important events [illegible] or depict the real disposition and [illegible] of the human heart in life-like simplicity, has become entirely too common; [illegible] when a really good troupe are announced to appear, the people are never sure of the fact until they go and see for themselves, and having been so often deceived, is it any wonder they should exhibit mistrust in these flattering notices? Would it not be better for the credit of the "localist" and the advantage of the company, to *tell the truth?* to give the true meed of praise where praise is due, and plainly and fairly point out the [illegible] seen, that they may be corrected, and thus establish confidence in the community. Acting upon this principle in the present [illegible] we can but say that we consider Mr. [illegible] Waldron, the leading character in this troupe, as a very fair actor, even better than [illegible] seen in the common or transient [illegible] so numerously floating around this Coast. Mr. W. is yet but a young man, and, unless he should, like many others, become [illegible] by too much flattery, will attain a high position in the profession. Mr. [illegible] Thayer and B. S. Mortimer sustain their parts very well, though they should never undertake [illegible], until at least, they become familiar with the spirit and intent of the characters they undertake to represent. Mrs. Waldron looks very pretty [illegible] but—well, we won't say, until we see her play a time or two more. Mr. [illegible] considerably fair in some characters; needs improvement. Of the others we have [illegible] to say, further than all appear to be [illegible] the stage, and consequently more or less awkward and forgetful. We doubt [illegible] will improve. We shall have [illegible] more to say upon this subject hereafter.

[illegible]ance last evening was, in the [illegible] ably done, giving pretty general [illegible]. The bill for to-night is a good, well worth going to see.

TO THE PUBLIC
OF THE
PACIFIC COAST!

HOSTETTER'S
STOMACH BITTERS!

THE LARGE AND CONSTANTLY INCREASING DEMAND for HOSTETTER'S CELEBRATED STOMACH BITTERS on the [illegible] the PROPRIETORS [illegible] parts of the Pacific coast [illegible] this great ANTIDOTE.

[illegible] by pirating [illegible] things might have been [illegible] IMPOSITION [illegible] BITTERS [illegible] the same outside [illegible].

The [illegible] to purchase any preparation [illegible] STOMACH BITTERS [illegible] the packages and bottles, [illegible] GENUINE [illegible] purchase from Dealers of known integrity, who would not be guilty of selling [illegible] Agents Messrs. Hostetter, Smith & Dean No. 327 Montgomery street, [illegible] San Francisco.

[illegible] GENUINE BITTERS [illegible]. In that expectation they will be [illegible] against fraud [illegible] as they have already crushed it nearer home.

The general acceptance of the BITTERS as the best known preventive and remedy for the maladies of unhealthy soils and climates, is a just tribute to the [illegible] and vitalizing properties of the preparation. Whoever goes to the gold mines, or travels through or [illegible] of our Pacific territory, without previously furnishing himself with a supply of this unapproachable antidote to the effect of [illegible] air and bad water, does so at the imminent risk of health and life, and in the face of a volume of testimony to its sanative and corrective properties which ought to satisfy the most incredulous. The undersigned will find it the best protective against the epidemic diseases of the country, and against all epidemic maladies. Furnished with this preservative, the pioneer may fearlessly prosecute his search for gold and silver, in valleys and plains where his less fortunate predecessors have left their bones. The discolored and unwholesome water which serves alike to quench his thirst and obtain his treasure, may be drunk with impunity if mixed with this powerful and agreeable corrective, and the miasma which reeks from the soil of the mining regions will have no injurious effect upon his system, if sustained and fortified by this pure and wholesome invigorant and stomachic. He may sleep wrapped in his blanket or buffalo-robe on the damp ground by night, and work beneath the hot beams of the sun by day, without incurring the usual penalties of remittent fever, diarrhea, dysentery and bilious colic, provided he reinforces his constitution, his appetite and his strength, by a moderate and regular use of HOSTETTER'S BITTERS. Miners and others who are obliged to live wholly or chiefly on animal food without vegetables, will find the preparation invaluable as a protective against scurvy and other scorbutic diseases.

Of the above mentioned uses of the BITTERS, the proprietors of the preparation do not of course speak from actual experience, but they have the next best evidence in the world, viz: THE SPONTANEOUS TESTIMONY of multitudes of returned Californians, and of hundreds NOW ENGAGED IN MINING in various parts of the Pacific States.

While recommending their Bitters strongly and earnestly as a preventive, the undersigned would call attention also to its eminent qualities as a restorable. In fever and ague, dumb ague, and all that class of intermittents, it is the best medicine that can be taken to break up the chills and restore the strength of the patient. For dyspepsia and every form of indigestion it is an absolute specific, combining the properties of a gentle cathartic with those of an alterative and mild stimulant; it has an excellent effect in constipation, colic, piles, sickness at the stomach, nervous head-ache, spasms, and disorders of the blood and bowels generally. It also possesses important anti-billious elements; and as a means of regulating the action of the liver and other secretive organs, has no equal among the medicines of the day. Ladies in delicate health from whatever cause arising, will find great benefit from its cordial and invigorating properties; and as an Elixir Vitæ for the aged and decrepit, it stands alone among vegetable tonics. In fact, HOSTETTER'S CELEBRATED BITTERS can be conscientiously recommended, on the authority of perhaps the strongest array of voluntary witnesses that have ever testified to the value of any advertised preparation, as the purest, the most reliable, the most general and successful, constitutional and physical invigorant, preventive and restorative, now before the public.

DR. BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases; if they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhea or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

Miscellaneous Paragraphs.

Prentice says that, whilst rags are so scarce in the United States, it is a pity we can't capture a big rebel army.

Man, we are told, is the only animal that laughs. Yes; and the only animal, we may say, that is laughed at—monkeys always accepted.

The old lady who believes every calamity that happens to herself a trial, and every one that happens to her friends a judgment, is not yet dead.

Pennsylvania last season exported coal to the value of thirty-four million dollars. Of oil and coal oil she produces more value than California does of gold.

In Illinois they are thinking of importing farm laborers from England. Thousands of acres are in need of cultivation, but the army has absorbed all the cultivators.

Our rebels may say what they will about our hospitals, but, compared with the rebel hospitals, the worst one in the United States is a fashionable lady's parlor to a pig-pen.

The Mendocino, California, *Herald*, of March 6th, says that one George H. Woodman has been arrested in that county on the charge of kidnapping thirteen young Indians, with the intent to sell them.

The muscles of the human jaw produce a power equal to 434 pounds. This only what science tells us, but we know the jaw of some of our lawyers is equal to a good many thousand pounds a year to them.

Judge Taney, says the N. Y. *Post*, continues in excellent health, and will yet outlive half the judges who sit with him. His vigor is wonderful in one so very old. He is sounder in health to-day than he was ten years ago.

The papers offer an encouragement to people to persevere in getting through their work by stating that "an old lady in Holland, whose sole occupation was house-wifery, scrubbed her sitting-room floor till she fell through into the cellar."

A door-lock has been invented which rings a bell and lights a taper on the instant that any person attempts to pick it, or it may be so arranged as to produce the light only, should the master of the house let himself in late at night.

The population of Algeria has risen to 3,062,124, an increase of 470,000 since the year 1856. During the last six years over thirty three thousand Europeans have emigrated thither. The village of Trembles was peopled last year with Piedmontese families.

A memorial to Congress is now in course of signature in New York in favor of a uniform paper currency. It says that gold only weakens and discredits the Government, and that it is only used exclusively as a currency by barbarous nations.

It is said Dr. Ayres, who owns a large portion of the *Tribune* establishment, has refused to use the internal revenue stamps upon his patent medicines, asserting that he can make more money by paying the penalties than by using the stamps. Commissioner Boutwell insists that the penalty shall be imposed for every bottle and box sold without the stamp.

The Belfast *Journal* tells the following story: A gentleman of this city (Belfast) had at one time in his employ an Irishman possessed of a good deal more zeal than knowledge. His employer gave him a key one morning with directions to "go to the post-office and get the contents of forty." Pat vanished, but presently came back with pocket, hat, and hands filled with a miscellaneous collection of mail matter, and the explanation—"I couldn't open forty, sir; but I opened all I could, and here they be!"

The last sensation in Paris is a man who has a perfect genius for making and fitting women's dresses. He is called the Pontiff of the Petticoat. He not only makes the ladies' dresses, but he puts the dresses on the ladies. Sometimes as many as fifty carriages are in front of his door at the same time, the feminine owners being up stairs having their dresses put on, as a dress should be put on. For cutting a dress he charges $10, for dressing a lady he charges $15, for fitting her for a dinner $20, and for a party $25.

In a late editorial of the London *Times*, which, for a wonder, condemns the retaliatory proclamation of Jeff. Davis, it says: "The South should remember that they were the first to draw the sword in this quarrel; that they rose against an established Government in the exercise of its legal functions; that they obtained, by the agency of traitors in the Government, a considerable supply of arms and money, and that the Union which they seek to dissolve is, as events have proven, the dearest wish of every American heart."

Recently an election was held in Wheeling for municipal officers. By remarkable efforts the anti-New State ticket was elected by about 500 majority. This ticket was, of course, supported by Copperheads, Secessionists, etc. On Friday following an election was held in the same city to fill a vacancy in one of the city offices. The party who succeeded the Monday previous nominated their candidate, and headed their ticket "Anti-Abolition ticket." A large vote was cast and the "Anti-Abolition" ticket was defeated by 219 majority.

It appears that drunkenness is no excuse for crime. In case of an application for a new trial of William Hopp, now under sentence of death in Chicago for the murder of his wife, Judge Manniere refused to grant it. The plea, on trial, was insanity. Upon this point the Judge remarked: "That species of temporary insanity, which is the direct effect of intoxication, is not an excuse for crime, but rather an aggravation of the offense. It is because drunkenness produces this state of mind that the law will not allow it a justification. Any other principle would be unsafe."

Bishop Rosecrans, of Cincinnati, brother of General Rosecrans, delivered, on Jan. 6th, a lecture at Columbus, Ohio, on the "Mission of Mercy to the Slave," which proved to be the recital of a religious order, established in 1197, for the special purpose of purchasing from Moslem captivity Christian captives. The Bishop claimed, therefore, for the Catholic Church the honor to have organized and fostered the first Emancipation society, "devoted to justice in opposition to oppression." It would be well if branch establishments of this order could be established in each of the slave States, and if all the Episcopal sees of the Roman Catholic Church in the slave States could be filled with members of such an order.

PROSPECTUS.

THE UNDERSIGNED TAKE PLEASURE IN announcing to the citizens of Dalles City, Wasco County, and the public generally of Oregon and Washington Territory, that on or about Monday, the 6th day of April, we will commence the publication of a Daily and Weekly Newspaper at Dalles City, Oregon, to be called the

"DEMOCRATIC STATE JOURNAL."

The JOURNAL will be devoted to the interest, the principles and augmentation of the Democratic organization, upon the basis of the State and National platforms of that party, upon which the late glorious victories in the great States of New York, Pennsylvania, Indiana, Illinois, Ohio and New Jersey were achieved, and of which such noble and patriotic statesmen as Seymour and Richardson are the champions and defenders. It shall be the aim of the JOURNAL to aid the Democratic party unswervingly, by speaking the truth and discussing public measures freely, fully and fearlessly, without hope or expectation of favor or reward, other than the proud satisfaction of doing the duty of an American Citizen.

Due and ample attention will be paid to the mining interest, by chronicling all information of discoveries and operations in the extensive and gradually developing gold fields East of the Cascade Mountains. To secure early, full and reliable intelligence upon this important branch of industry, arrangements have been perfected which will secure to the JOURNAL authentic and regular correspondence from all the different localities attracting public attention. The interest of the State, both general and local will receive prominent attention. In a word, we are determined to publish a journal that may be perused with profit by all.

AYER'S Cathartic Pills,

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1856.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect.

ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the *liver* is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO. N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

POSSESSES advantages not enjoyed by any other medicine for the cure of Sexual Diseases; and which must, with an enlightened public, render it highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form of a paste it is entirely tasteless, and causes no unpleasant sensation to the patient.

It has acquired the utmost fame in almost every part of Europe. It has been examined, approved of, and used by the faculty of medicine, and recommended by the most eminent of the profession.

As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, to SECURE THE GENUINE observe this LABEL, barred on and covering the bottom of each Pot:

J. B. Thorn, Chemist, London; John A. Tarrant, New York, Sole Agent for the United States.

The Stamp on each pot will also bear the names of the proprietor, and the United States Agent.

DRUGGISTS AND DEALERS will observe on each dozen package the following label:

IMPORTANT NOTICE.

The increased reputation and great demand for Thorn's Compound Extract of Copaiba and Sarsaparilla, have been the inducements to others for Poor imitations of this valuable medicine. Venders are particularly warned of this fact that they may be on their guard, and not dispose of any spurious article, calculated to injure their reputation and destroy the merits of the original preparation; to obviate which the subscriber, successor to James Tarrant, by whom it was first introduced into the United States, has attached his signature to this caution, to counterfeit which is forgery.

JOHN A. TARRANT.
